# FAMILY ADVISORY COUNCIL

Adolescence 12-21 years old

**We are looking for a diverse group of parents and family members to:**

- **Provide insight and advice** on the needs of your community.
- **Lead positive policy change** and be part of the solution to improve services and systems of care for adolescence ages 12-21.
- **Advocate for** adolescents and their families.
- **Serve as a partner** with the Bureau of Family Health to improve the health of families and communities.

We invite parents or family members interested in improving services for adolescence ages 12-21 to become a member of the Family Advisory Council (FAC).

**For more information:**
