WITH PARTNERS

Kansas Connecting Communities (KCC) Grant

KELSEE TORREZ, KDHE

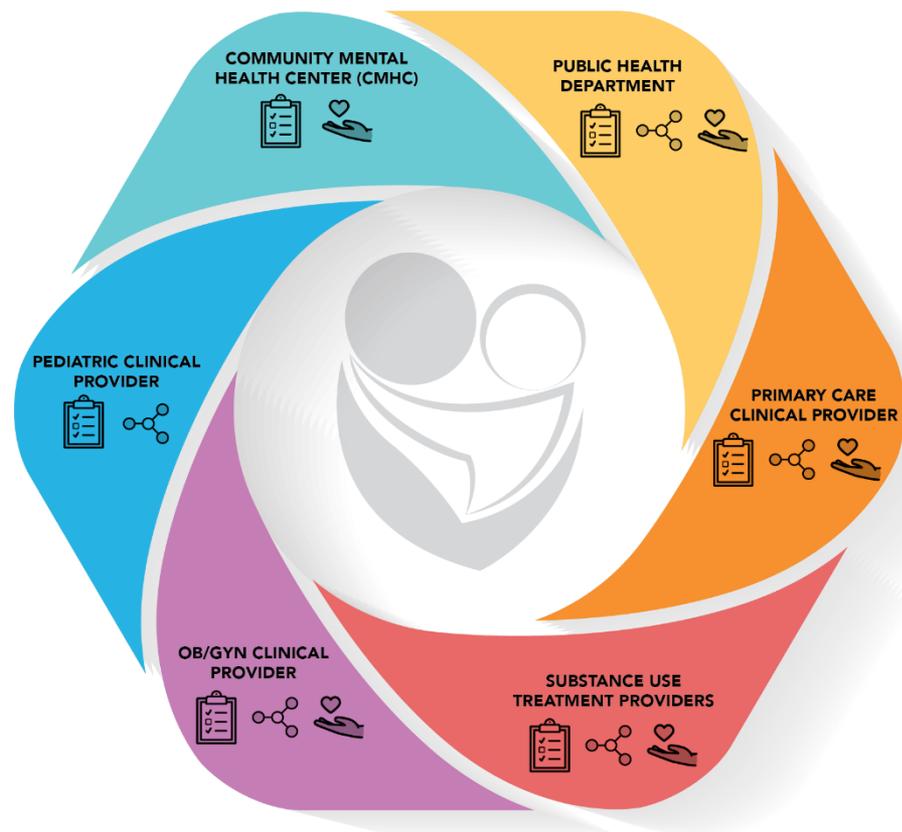

SHANE HUDSON, CKF ADDICTION TREATMENT

REBECCA ADAMSON, CRAWFORD COUNTY HEALTH DEPT.

Kansas Connecting Communities

A collaborative initiative to improve the mental health and well-being of pregnant and postpartum women.

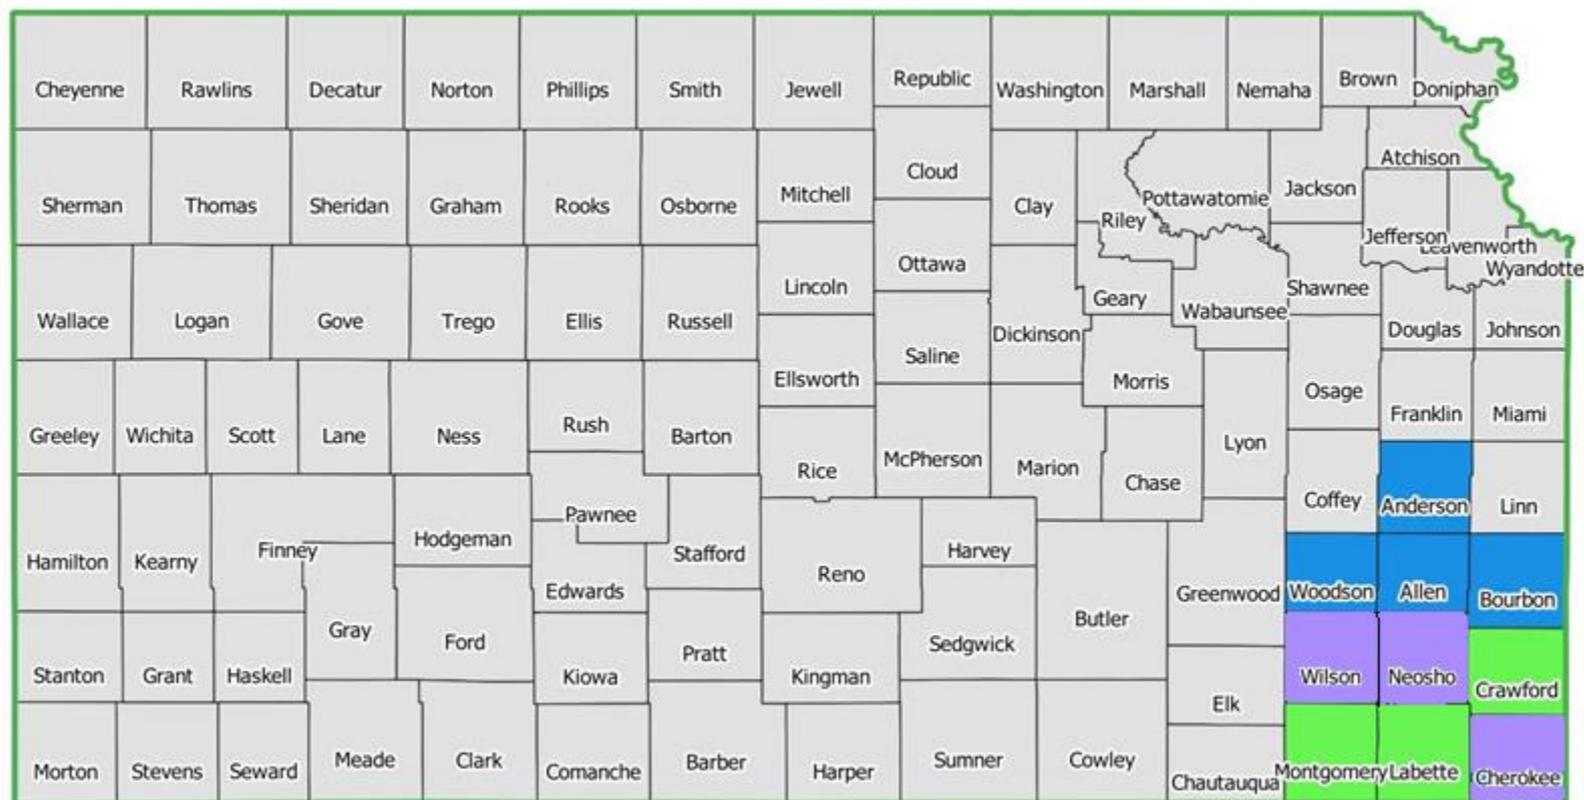

Focus on increasing perinatal women's access to screening, assessment, and treatment for maternal depression, anxiety, and substance use.

Kansas Connecting Communities

5-year grant (October 2018 – September 2023)

Years 1-3 focusing in SEKS; Years 4-5 will expand statewide

Kansas Connecting Communities

- Goals focused on increasing capacity and improving behavioral health screening and services:
 1. Develop and disseminate trainings and integration toolkits
 2. Utilize telehealth and community mental health resources
 3. Develop linkages and care coordination across providers using IRIS
 4. Provide services through telehealth and local providers
 5. Build resources for peer-to-peer support in local communities

Upcoming Trainings/Activities

Kansas Connecting Communities Regional Training Event

Learn the fundamentals of SBIRT for perinatal mental health and substance use. The training will focus on building SBIRT screening skills.

March 5, 2020 – Chanute, KS from 9:00 – 4:00

Behavioral Health 101

Learn more about public health's role in behavioral health during this session at the 2020 Governor's Public Health Conference

April 1st and 2nd – Wichita, KS

Kansas Connecting Communities Project ECHO Series

A web-based learning collaborative focusing on perinatal mental health and substance use.

April 8, 15, 22, and 29 from 12:00 – 1:00

SBIRT Online Learning Collaborative

Christina Boyd will facilitate online SBIRT skills-based learning sessions aimed at building knowledge, increasing capacity, and optimizing care

KSKidsMAP to Mental Wellness

A collaborative initiative to promote behavioral health integration into pediatric primary care by supporting pediatric mental health care telehealth access programs.

4-year grant; started July 1, 2019

Workforce Development

- Educate and empower pediatric primary care clinicians to treat and care for children and adolescents who present with behavioral health conditions.
- Connect pediatric primary care clinicians with a network of peers and expert specialists to support clinical decision-making.

“Warm Line” Consultation & Referral

- Provide a direct channel for pediatric primary care clinicians to immediately access tele-psychiatric consultation and referral services for specialty care and community or behavioral health resources from a pediatric mental health care team.

Telehealth Services

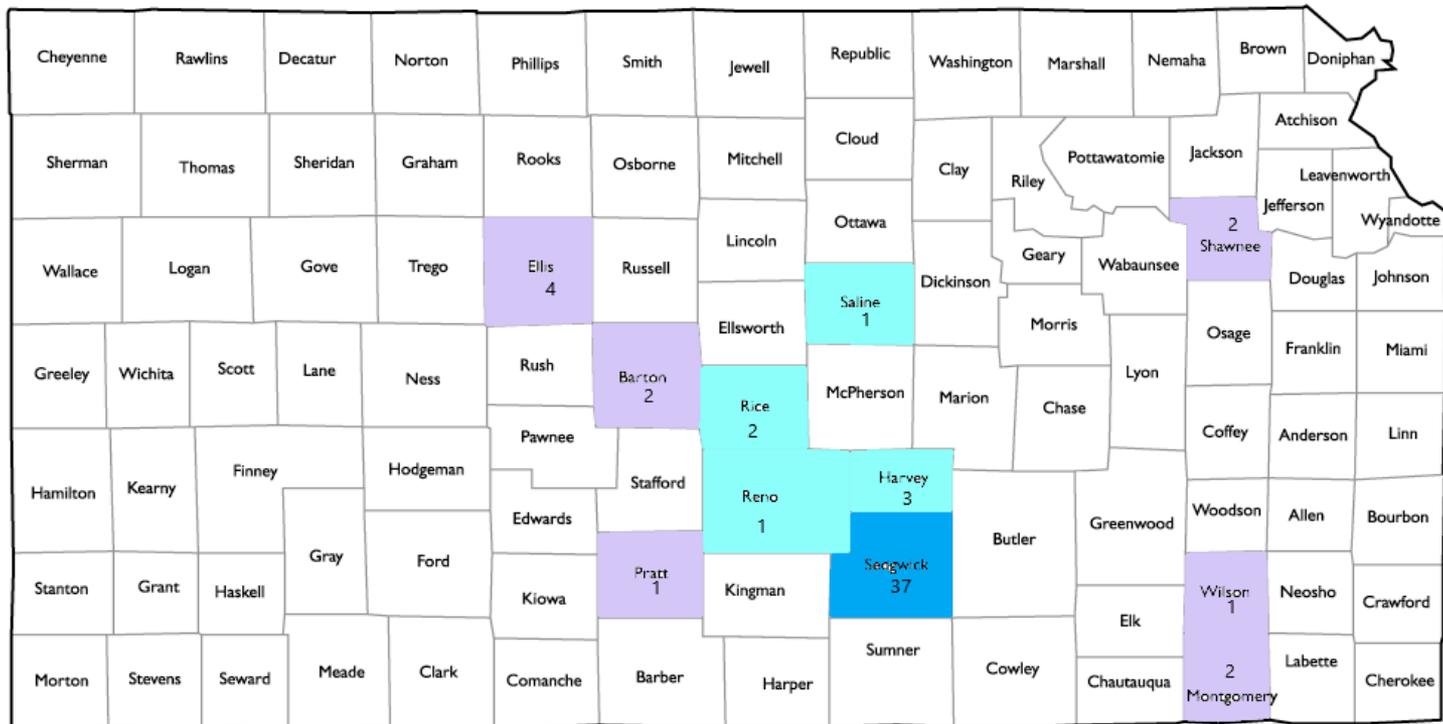

- Provide new avenues for access to care through telehealth services, especially for rural and underserved communities.

REACH Institute Training

Patient-Centered Mental Health in Pediatric Primary Care (PPP) Mini-Fellowship Program

- 15-hour in-person training focusing on building skills and confidence in diagnosing and treating pediatric behavioral health conditions
- 6-month case-based distance-learning program to learn more to manage pediatric mental health issues in daily practice
- 34 practitioners participated in the November 2018 cohort; 22 are participating in the September cohort

Reach Institute PPP Training Participants

Domain Group Work

DISCUSS BEHAVIORAL HEALTH NEEDS & PLAN FOR RESPONSE

Domain Group Assignments

STAFF SUPPORT BY DOMAIN GROUP

Women/Maternal + Perinatal/Infant:

Kelli Mark & Stephanie Wolf

Child: Elisa Nehrbass & Brooke Sisson

Adolescent: Kelsee Torrez & Kayzy Bigler

Ground Rules

1. Stay present (phones on silent/vibrate, limit side conversations).
2. Invite everyone into the conversation. Take turns talking.
3. ALL feedback is valid. There are no right or wrong answers.
4. Value and respect different perspectives (providers, families, agencies, etc.)
5. Be relevant. Stay on topic.
6. Allow facilitator to move through priority topics.
7. Avoid repeating previous remarks.
8. Disagree with ideas, not people. Build on each other's ideas.
9. Capture "side" topics and concerns; set aside for discussion and resolution at a later time.
10. Reach closure on each item and summarize conclusions or action steps.

Small Group Reports

W/M + P/I, CHILD, ADOLESCENT

Small Group Reports

Share Domain Group Discussion Highlights:

1. What are members seeing now in their communities related to behavioral health and mental wellness?
2. What key roles and commitments were identified related to contributing to and gaining from projects? What did members commit to do now?
Organizationally? Individually? Community?
3. Are there any priority gaps remaining?
