Agenda Items	
9:30	Welcome, Approve MinutesKari Harris, MD, KMCHC Chair
9:35	MCH Needs Assessment UpdateKU-CPPR Needs Assessment Team KU-CPPR will provide an overview of the 2025 Title V MCH Needs Assessment process, preliminary findings, and draft priorities.
10:00	MCH SensemakingKU-CPPR Our Tomorrows Staff Our Tomorrows was a project that was used during the Early Childhood Systems Building Needs Assessment to capture stories from families that talked of times when families were thriving or just surviving. The storytellers were able to interpret their own stories using the Our Tomorrows tool. The MCH Council will dive into those interpretations to look for patterns in the stories. Patterns will help uncover opportunities and challenges to helping families experience more thriving and less just surviving. The council will have the opportunity to review actual stories, discuss what those stories are showing and what actions could be taken.
11:45 Break for lunch	
12:30	Small Group Domain Break Out Rooms: Each small domain group will have draft state action plan priorities, measures, and objectives. Armed with the data from sense making, each group will answer the following questions about the priorities in their domain, including cross-cutting priorities. <ul style="list-style-type: none"> • Small Groups: Women/Maternal, Perinatal/Infant, Child, Adolescent • Discussion Questions (address all parts of each question and record) <ul style="list-style-type: none"> ○ What did you hear during sensemaking <i>that surprised you</i>? ○ Looking at the priorities for this domain, are these the right objectives? Are there any gaps? What's missing? ○ If time allows, consider evidence-based practices and activities to help Title V make progress on the draft objectives?
